Reef n'Jungles

Tour Overview

This fantastic tour of Costa Rica and Panama offers the chance to visit famous Manuel Antonio and Cahuita, as well as the off-the-beaten-track Bocas del Toro, Panama.

Leaving the capital of San José, we visit Volcán Irazú with time enough to climb and gaze into its perfect crater. The view is breathtaking and Irazú is Costa Rica's highest volcano. We then continue to Turrialba to set up camp. Here we will explore some incredible waterfalls and hikes along the Pacuare River, and there will be opportunities to white water raft or trek in this natural playground.

The next day finds us travelling south towards Panamá and its enchanting archipelago, Bocas del Toro, but first we will spend an evening at the Gandoca-Manzanillo Wildlife Refuge. Gandoca-Manzanillo is home to tropical rainforest and champagne-coloured sandy beaches that are dotted with coconut and palm trees. Its pristine coral reef, year-round warm weather and lack of crowds will be sure to impress. Swim or snorkel in the refreshing Caribbean sea, bask in the sun or watch for "congos" (howler monkeys) in the nearby trees.

Arriving to Bocas del Toro via a scenic cruise, you will savour the area's natural beauty. During the day, opt for a boating excursion and snorkel among the rare coral reef and a myriad of brightly coloured fish. In the evenings sip rum cocktails and dance with the locals to the unique rhythms of Panama's Caribbean islands... ideal for perfecting your salsa moves!

Returning to Costa Rica, we stop in Cahuita/Puerto Viejo to explore the beautiful beaches and the Cahuita National Marine Park. There will be plenty of time to walk or bike to nearby waterfalls or enjoy the day on the beach.

Travelling across the Talamanca mountain range, we arrive at San Isidro in time to explore the local markets and the Costa Rican nightlife. The temperature is cooler here and you will appreciate the fresh mountain air.

Our last days have us in one of the most famous beaches in all of Central America, Manuel Antonio. From the national park's beaches and tropical forests to the delicious seafood, salsa clubs and beach bars of the town, there is no better way to end your 11-day romp in Costa Rica and Panamá than by body-surfing Manuel Antonio's perfectly curled waves and perfecting your sun tan!

Is This Tour For Me?

DAILY ITINERARY

Day: 1/2 Turialba (camping)

We start the day early with a group orientation at 7:30hrs in the hotel lobby. Then, we leave San José, and make our way to the picture perfect Irazu Volcano. On the way, we will see just how rich the land is - passing local dairy farms and coffee plantations.

Irazu Volcano is the highest volcano in Costa Rica and we will walk along the crater's well marked trail, taking some incredible photos and learning about its history. After enjoying the view, we will continue across the Central Volcanic Mountain Range to set up camp in Turialba.

For those of you wanting some adventure, amazing Pacuare River awaits... as do its class III-IV white water rapids!

Day: 3 Gandoca Manzanillo Wildlife Reserve (hotel)

Home to tropical rainforests and beautiful, untouched beaches, we will explore this secluded coastal paradise and enjoy a night before crossing the border into Panama.

Days: 4 & 5 Bocas del Toro Archipelago (hotel)

With an early morning departure, we will cross the Costa Rican border into Panama as we journey to the famous Bocas del Toro. We will take a boat to Colón Island in the Bocas del Toro Archipelago. There will be an optional excursion to Bastimentos Marine Park for some snorkeling in the crystal clear Caribbean seas. There will also be opportunities for fishing and kayaking in Bocas del Toro.

Day 6/7 Cahuita & Puerto Viejo (camping)

Returning to Costa Rica, we will head for the scenic coastal villages between Cahuita and Puerto Viejo. After getting settled in and setting up camp, we will enjoy the remainder of the day relaxing on the Caribbean coast and appreciating the Caribbean culture. In the evening we will sample Puerto Viejo's great nightlife.

The following day, we will explore the Cahuita Marine National Park. The park boasts one of the most beautiful palm tree and white sand beaches in the country. Admire not only the beauty of this beach but also the only "living" coral reef on Costa Rica's Caribbean Coast.

Today, more than 27 forms of corals, 140 sorts of mollusks, 44 different crustaceans, 122 algae as well as 500 kinds of salt and fresh water fish can be found in the Park. Our next day will be free to explore the beautiful surroundings and various optional activities.

Day: 8 San Isidro del General (hotel)

Leaving the Caribbean coast in the morning and making our way over the mountains, we will pass through virgin forest before arriving late in the afternoon to San Isidro del General. San Isidro, a truly "Tico" town, has many local markets to explore and you will be sure find some local handicrafts to bring home, or even a bottle of Costa Rican rum!

Days: 9 /10 Manuel Antonio (hotel)

After breakfast, we will continue on to the Pacific coast and one of the highlights of the trip, Manuel Antonio. Home to the famous Manuel Antonio National Park, we will discover the rain forest and enjoy its beautiful beaches. There are four especially interesting features of the park- the first is the "tómbolo" on Cathedral Point, which joins the ancient Cathedral Island to the mainland and where Espadilla Sur and Manuel Antonio Beaches are located. The second is the blow-hole at Escondido Port, which is best viewed when the tide comes in. The third is Serrucho Point, an awesome, deeply eroded cliff that looks like a saw, honeycombed with sea caves. The fourth is the pre-Columbian under water turtle trap on the western tip of Manuel Antonio Beach, which is also the best place to observe a multitude of tiny fish at low tide. Keep an eye out for playful monkeys or slow moving, camouflaged sloth in the tree tops.

Besides the national park, there are opportunities to take a surf lesson, rent kayaks, horse ride and much more.

Day: 11 Manuel Antonio - San José

We will spend the final morning relaxing on the beach and perfecting our tans. For those wanting a bit more adventure, try boogie boarding, taking a surf lesson or sea kayaking. Then, after lunch, we will say farewell to the beach and return to San José.

CAMPING ACCOMMODATION

Camping allows us to stay in the heart of the most breathtaking natural scenery, away from fast food outlets and the encroaching development; and Grand American Adventures' experienced tour leaders and top quality equipment will surely enhance your experience.

Your comfort is important to us and we know that starts with using high quality camping gear. We only use top of the range, spacious two-person tents and thick (air/foam-filled) sleeping pads to ensure your evenings are comfortable and restful. Your guides help prepare delicious meals (using state of the art camping stoves). All you need to bring is a sleeping bag and a sense of adventure and you will be sure to enjoy the trip of a lifetime!

Nearly all of our local campgrounds provide modern conveniences and amenities such as hot/warm showers (paid locally approx \$2) and flush toilets; whilst others may have swimming pools, shops and launderettes nearby. On special occasions, our groups may utilize rustic, wilderness sites in order to fully appreciate more remote areas' natural surroundings. That said, waking up at camp to the smell of fresh brewed coffee provides a truly intimate natural experience and one that eludes conventional tourists.

A sleeping bag is required for this tour. We recommend you take at least a 3-season sleeping bag (0°C).

FOOD & DRINK

Grand American Adventures include all meals while camping (alcohol/drinks purchased locally) and you will be sure to enjoy regular international dinner parties on the road. Our professional guides are great in the kitchen and they will assist the group in preparing delicious, healthy meals for you to enjoy, so you can take that path less travelled... with a full stomach.

We prepare plenty of good fresh food on our camping trips and anticipate hearty eaters. Breakfasts often include fresh fruits and cereal, toast, juice, coffee or tea. Fried bacon or eggs may also be available on more leisurely mornings. Lunches are typically picnic style and consist of a selection of delicatessen meats, cheeses and salads. Dinners are filling and main dishes include pastas, grilled meats/chicken/fish, as well as regional specialties such as fajitas or BBQ's and are accompanied with cooked vegetables or fresh salads.

Meals consist of a variety of balanced dishes and, aiming for universal appeal, we avoid highly spiced foods. Vegetarians are certainly welcome and are always accommodated. Please let us know of any dietary concerns at the time of booking.

On occasion, meals are taken in local restaurants where passengers pay individually for food and drinks en route. Average breakfasts cost from \$4-\$8, lunches from \$5-10 and dinners from \$8-\$15; this does not include alcoholic beverages. Wine costs approximately \$3 per glass and beer \$2 per bottle. Please be aware that a tip of approximately 15-20% is added to group meals in restaurants in Central/South America and applicable taxes will also be added to all listed menu prices.

GROUP PARTICIPATION

An essential part of a Grand American Adventures camping holiday is helping out around the campsite. Our tents are easy to set up and with guidance from your tour leader, everyone will assist with the setting up and packing of the campsite. As a team, it only takes approximately 20 minutes before setting up your "home with a view" in the great outdoors!

Your tour leaders will organize daily activities and guided hikes, as well as coordinate and assist the group when shopping for food, preparing the daily meals and washing up.

As this is a participatory trip, group members will assist with the preparation of meals and with the washing. That said, often the best meals on the road are created when individuals offer to cook up one of their specialties from home!

GROUPS

Average is 12 passengers.

Passengers come from a range of countries worldwide (average of 4 nationalities per group) and many will be solo travellers. You will find you have many things in common with your fellow trekkers, including a passion for adventure and a strong interest in exploring the national parks of Central/South America.

Grand American Adventures tours are designed for adults over 18 years old. While most passengers are aged 25-55, every year we get many people both above and below this age range. All travellers over the age of 55 will be requested to complete a self-declaration of fitness.

OPTIONAL ACTIVITIES/SPENDING MONEY

There are many opportunities for optional activities during the holiday. Your tour guide will organize these on your behalf and you will pay locally in cash. Featured activities and approximate prices are listed below:

★ Pacuare River Rafting	\$ 60
★ Snorkeling tour:	\$ 35-60
★ Sea Kayaking:	\$ 40-60
★ Surf lessons	\$ 35
★ Horse ride	\$ 50-75
★ Diving Tour	\$ 75

Local Currency

The local currency is the Costa Rican colón (and US dollars are accepted everywhere in Panama). As in most countries in Latin America, the economy is based on the US dollar, so you should take US dollars (not sterling), which can be changed with ease in any major town or tourist centre. There are approximately 920 colones to one British pound and 564 colones to one US dollar (as at December 2009).

ATM/Cash points are widely available in all major cities. Please ensure that your credit or debit cards have international access and a PIN number to access your funds. (You should also bring USD travellers cheques as a back-up.)

We recommend you take at least US \$35 dollars per day to cover local expenses, but it's better to bring more than you need rather than run short on tour. Your spending money needs to cover optional activities, film, souvenirs and snacks along the way. Please note - Dollar bills should be in good condition, without blemishes/rips, or they may not be accepted.

Additionally, tipping is a way of life in Central/South America and, whilst not compulsory, it is expected. We recommend a tip of approximately US \$2-3 per day/per person to be given in cash to your tour leader at the end of your holiday.

TRANSPORTATION

Grand American Adventures uses private transportation for the majority of this tour. The vehicles that we use have comfortable seating, have air-conditioning/heating, tinted windows and a stereo (often iPod compatible). Our vehicles also have a custom store space for all luggage and equipment, as well as excellent suspension so we can travel off the beaten track, where the crowds in public coaches cannot go!

INSURANCE

It is a condition of joining any of our tours that you must be insured against medical and personal accident risks (to include repatriation costs, air ambulance, and helicopter rescue service). Our insurance policy is designed specifically to cover the potential risks on our holidays - particularly the many optional activities offered.

If you do not take our policy, you must ensure that the policy you do take offers an equivalent level of protection. Any claims concerning matters for which you are insured must be directed to your insurers.

PASSPORT AND TRAVEL DOCUMENTS

This tour visits Costa Rica and Panama and it is your responsibility to obtain the proper passport and visa(s). More details are provided in our Trek Tips pre-departure information at <http://www.trekamerica.com/trektips.html>

You are required to show your passport at immigration. At other times documents, plane tickets, and other valuables may be stored in the hotel safe or in your luggage. Carry a photocopy of the photograph and personal information page of your passport.

Be cautious with your belongings; pickpockets are common in the more congested urban areas, especially in markets. Use a money belt or neck pouch. Bring along a photocopy of important documents, cheques and other valuables in case you lose anything and need to make an insurance claim. You may consider emailing yourself any relevant information as a backup to what you are carrying on your person.

CLIMATE

Keep in mind that our dress code tends to be informal. Tourists enjoy Costa Rica all year long, and the dry season is from November to April. However, many people enjoy the beauty of the Green Season between May and October when there is more rain because there are also less tourists in the country and there is often a better chance to see more wildlife.

The average temperature is 21 degrees Centigrade (70 degrees Fahrenheit) in the highlands and 28 degrees Centigrade (82 degrees Fahrenheit) in the lowlands along the coast. The weather is temperate throughout the year; Costa Rica is said to have an eternal spring. Even in the rainy season the mornings are dry and sunny.

Approximate year-round temperatures are listed below.
